

MODERN METALLURGY

IRON AND STEELMAKING 2023
THE XXX INTERNATIONAL SCIENTIFIC CONFERENCE

27. - 29. SEPTEMBER 2023

TECHNICAL UNIVERSITY OF KOŠICE, FACULTY OF MATERIALS, METALLURGY AND RECYCLING
VŠB – TECHNICAL UNIVERSITY OF OSTRAVA, FACULTY OF MATERIALS SCIENCE AND TECHNOLOGY,
DEPARTMENT OF METALLURGY AND FOUNDRY

SILESIA UNIVERSITY OF TECHNOLOGY, DEPARTMENT OF EXTRACTIVE METALLURGY AND ENVIRONMENTAL PROTECTION

Modern metallurgy

The aim of this conference is to create a space for the presentation of the latest knowledge and trends in science and technical development in the field of metallurgy. Traditionally, it is a meeting of experts from scientific and research institutions, as well as representatives of industrial practice at the international level.

The conference Modern Metallurgy / Iron and Steelmaking 2023 offers, as a high professional levelled event, a space for inter-connection of scientific community with professional practice.

Conference venue

Hotel Yasmin ****

We will be pleased to welcome you to one of the most prestigious hotels in Košice. We hope that unique multifunctional conference lecture halls with modern technical equipment in an elegant design will be an adequate background for our conference. Hotel Yasmin **** Košice is a place with a harmonious interior and exceptional quality of services.

www.hotel-yasmin.sk

Conference fee

Payment by bank transfer: up to the **30th August 2023**

Conference fee: 350 EUR

The conference fee includes: publication costs (publication costs for processing and indexing the conference proceedings in Web of Science and Scopus), the payment of additional conference materials and services, full catering during the conference, coffee breaks.

Accommodation and its payment are arranged by the conference participants themselves!!!

Conference sessions

1. Iron and steel production
2. Foundry, non-ferrous and non-metallic materials
3. Process simulations
4. Recycling of waste from metallurgical processes
5. Energy transformations in industry
6. Decarbonisation of metallurgical processes, further planning and new strategies

Deadlines

Up to the 30 th August 2023: submission of binding applications for the conference and the title of papers through the web page of the conference. Application form.

Up to the 30 th August 2023: payment of the conference fee

Up to the 30 th August 2023: submission of the texts of lectures in the form of "camera ready" (format *.doc, *.docx and *.pdf), e-mail: peter.demeter@tuke.sk

Up to the 1 st September 2023: notification of the final program of the conference and the list of papers
